

ML DQ PHLEBOTOMY LES GUIDE

ML ICB LOCAL ENHANCED SERVICES TEMPLATE

A page has been created on the Local Enhanced Services template (**ML ICB Local Enhanced Services**) to provide the correct code for capturing those patients where phlebotomy services have been provided.

| Admin | | |
|--|-------------|--|

| | Text | |
| ACTIVITY CODE | | |
| Please ensure that the blood sample taken box below is ticked in all cases when this page is being used | | |
| <input type="checkbox"/> Blood sample taken | 29-Sep-2025 | 28-May-2025 > |
| | Text | Gloves worn, sharps safely disposed of, sample labelled, p |
| Site of sample taken - for info | | |
| | Text | |
| Monitoring Information | | |
| ALWAYS add blood sample taken code from above and then please add ANY of the following codes as appropriate if the blood sample taken is for anything else other than primary care initiated bloods to indicate reason for undertaking for LES payment, e.g. secondary care generated bloods done in home visit or care home OR unsuccessful bloods in home visit or care home etc (D.V):- | | |
| <input type="checkbox"/> Phlebotomy D.V. done | Text | i.e. when bloods done on home visit No previous entry |
| <input type="checkbox"/> Phlebotomy generated from secondary care done by practice | Text | No previous entry |
| <input type="checkbox"/> Unsuccessful phlebotomy | Text | No previous entry |
| If you are undertaking the assessment or procedure for a patient that is not permanently registered with your practice please also complete the temporary registration section. | | |
| <input type="checkbox"/> Temporary registration | Text | ML ICB Phlebotomy LES No previous entry |

SEARCHES

All searches for the Enhanced Services can be found in the distributed searches folder in Enterprise Searches & Reports.

Please find detailed below information about the searches:

- ML DQ ICB Phlebotomy LES 2026-27 v1.0
 - ACTION Phlebotomy
 - ACTIVITY Phlebotomy
 - xBI Reports

All the searches work on the assumption that relevant codes have been added to the patients record from the template 'ML ICB Local Enhanced Services'.

ACTION Phlebotomy LES

- PHDQ1 Phlebotomy code NOT on same day as blood sample taken code
 - PHDQ1 Report
- PHDQ2 Phlebotomy ACTIVITY code, CHECK Consultations Type
 - PHDQ2 Report
 - PHDQ2 Report - Numbers
- PHDQ3 Phlebotomy ACTIVITY code, Home Visit coded incorrectly
 - PHDQ3 Report
- PHDQ4 Phlebotomy Code, NO Blood Sample Taken code
 - PHDQ4 Report

This folder contains searches which may affect your payments. Please review these searches and take action to ensure that these patients are not missed from your claims.

PHDQ1 Identifies patients with claim code not on same day as procedure code. **ACTION:** Review and ensure appropriate codes are added on the same day

313334002 Blood sample taken

AND (ON THE SAME DAY)

16579100000107 Phlebotomy generated from secondary care done by practice

24830100000103 Phlebotomy domiciliary visit done

719889008 Failed phlebotomy

PHDQ2: Identifies patients with claim code but not relevant consultation type. **ACTION:** Review patients and change to **GP Surgery** consultation type, if relevant.

PHDQ3: Identifies patients with home visit consultation code, no claim code. **ACTION:** Review patients and add claim code, if relevant.

24830100000103 Phlebotomy domiciliary visit done

PHDQ4: Identifies patients with claim code, no procedure code. **ACTION:** Review patients and add procedure code, if relevant.

313334002 Blood sample taken

ACTIVITY Phlebotomy

Activity code

313334002 Blood sample taken

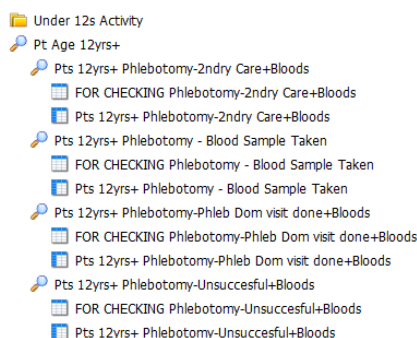

AND (for any other purpose than for Primary Care Monitoring ON THE SAME DAY)

16579100000107 Phlebotomy generated from secondary care done by practice

24830100000103 Phlebotomy domiciliary visit done

719889008 Failed phlebotomy

Activity searches are based on left/deceased patients with the claim code above being added to the patient's record, within the specified timeframe. Searches are based on a face to face or home visit consultation type. Searches can be found in the ACTION folder for those who do not have an acceptable consultation type.

These searches identify the number of patients with the appropriate claim code added to the patient's record.

As a patient can receive more than one blood test within the financial year, we have created a report which provides you with the number of blood tests by month. You need to view results of this report to be able to see the breakdown by month. **This will be the information that is provided for activity.** A list report FOR CHECKING is available to show you which patients are included in the claims. This report

should be checked for errors. **It is the responsibility of the practice to check through the patients lists to ensure they are claiming appropriately and any duplicates are removed. The DQ Team are not responsible for any incorrect claims made using these searches.**

xBI Reports

These reports form part of a number of reports that get collated and sent to ML Business Intelligence to form the LES Monitoring Report.
