Dementia

For the LES, both codes need to be added on the same day

Dementia monitoring administration	713821000000106
AND	
Dementia annual review	249181000000100

Diabetes

1. Initiation of Insulin

Insulin treatment initiated **or**	345041000000101
Insulin initiation enhanced services administration	344641000000106

2. Initiation of Injectable GLP1

Incretin mimetic therapy started	702542006

3. Ongoing care for patients on Insulin Therapy

Enhanced services administration	166221000000105
AND	
Diabetic on insulin	170747006

ECG Recording

Enhanced services administration	166221000000105
AND	
12 lead ECG	268400002

Minor Surgery

Minor surgery patients not normally registered with your practice need to be registered as a 'minor surgery' patient type to be identified by the searches. To claim for procedures undertaken, THREE codes need to be entered on the same day.

Minor surgery done	1268934004
AND	
Temporary registration	24811000000105
AND (one or more of the options below as appropriate)	
Aspiration	14766002
Excision	65801008
Incision	34896006
Injection given	275659002

Palliative and End of Life

Key items to cover – consent, CPR decisions, preferred place of care and death and ACP. These can all be found within the ML LSC EPaCCS (Palliative & End of Life) template.

Phlebotomy

To claim for phlebotomy, for anything other than primary care monitoring, where only the blood sample taken code is required, BOTH codes need to be entered on the same day.

Blood Sample Taken	313334002
AND any of the following codes, unless the reason is for routine monitoring	
Phlebotomy generated from secondary care done by practice	165791000000107
Phlebotomy D.V. done	248301000000103
Unsuccessful phlebotomy	719889008

Prostate

Prostate-specific antigen monitoring	1488852010

Respiratory Diagnosis

To claim for FENO testing, BOTH codes need to be entered on the same day.

Brief examination of respiratory system	162883003
AND	
Measurement of expired nitric oxide **or**	444642008
Fractional concentration of nitric oxide in exhaled breath	1201788001

To claim for Spirometry testing, BOTH codes need to be entered on the same day.

Brief examination of respiratory system	162883003
AND	
Spirometry reversibility **or**	314979004
Post bronchodilator spirometry	767906009
Spirometry	127783003

Ring Pessary	
Enhanced services administration	166221000000105
AND one of the following	
Insertion of ring suppository into vagina	176726001
Removal of ring pessary from vagina	236865002
Renewal of ring pessary in vagina	
AND (if patient from another practice)	236861006
Temporary registration (Inter patients)	
AND (if Domiciliary patient**)**	24811000000105
Remote care monitoring enhanced services administration	912621000000106
Shared Care	
High risk drug monitoring – shared care	205801000000109
Simple Injections	
Intramuscular injection of vitamin B12	308752009
Testosterone Replacement Therapy	724163007
Gonadotrophin releasing hormone analogue prophylaxis	844841000000107
Structured Medication Review	
Structured Medication Review	1239511000000100
Topiramate & Valproate	
PPP Coding for both Topiramate and Valproate	
Pregnancy Prevention Programme not needed	1129791000000104
Pregnancy Prevention Programme started	1129771000000103
Pregnancy Prevention Programme	1129761000000105
Pregnancy Prevention Programme declined	1129801000000100
Pregnancy Prevention Programme discontinued	1129841000000102
ARAF Coding for Topiramate	
Topiramate Pregnancy Prevention Programme Annual Risk Awareness Form Completed	2181271000000102
ARAF Coding for Valproate	
Topiramate Pregnancy Prevention Programme Valproate Annual Risk Acknowledgement Form Completed	1366401000000107
Referral Codes	
Referral for completion of Valproate Annual Risk Acknowledgement Form	1366381000000107
Referral to neurology service	183521007

Wound Care

To claim for wound care payment BOTH codes need to be entered on the same day.

Wound Care	225358003
AND one of the following codes below	
Application of adhesive skin closure	225153000
Application of Dressing	3895009
Change of dressing	18949003
Application of dressing for burn	90660004
Dressing of ulcer	182532000
Integumentary system repair (other closure of skin)	119828008
Closure by Clip	21147007
Primary suture of skin	302410007
Removal of clip from skin	302410003
Removal of suture form skin	302415002
Secondary suture of skin	302412004
Wound Swab	258531008
